

ECO2012 PRELIMINARY Full Programme

Scientific Tracks

Track 1: Environment and Prevention

Track 2: Epidemiology and Intergenerational Aspects

Track 3: Integrated Biology and Inter Organ Crosstalk

Track 4: Genes, Molecular and Cellular Mechanisms

Track 5: Clinical Practice and Multi Disciplinary Management

Time	Room	Wednesday 9 May 2012
------	------	----------------------

0930 - 1230	Workshops
-------------	-----------

0930 - 1230 Pre Congress Meetings
See www.easo.org/eco2012 for further information

1300 - 1400	Oral Sessions
-------------	---------------

Four parallel Oral Sessions will be developed by the ECO2012 International Scientific Committee after the close of abstract submission.

1400 - 1530	EASO Task Force Workshops/Extreme Obesity Session
-------------	---

1400 - 1530 EASO Obesity Management Task Force (OMTF) developed Workshop
Chairs: V Yumuk (Turkey), M Maislos (Israel)

Content and speakers TBC

1400 - 1530 EASO Prevention and Public Health Task Force (PPHTF) developed Workshop
Chairs: T Visscher (Netherlands), J Breda (Denmark)

Content and speakers TBC

1400 - 1530 Extreme Obesity Session
Chair: L Busetto

1400 - 1420	Genetics and extreme obesity	S Farooqi (UK)
1420 - 1440	Healthy obesity	E Bobbioni-Harsch (Switzerland)
1440 - 1500	Conservative (medical) treatment of severe obesity	A Sharma (Canada)
1500 - 1520	Surgical treatment of severe obesity	M Suter (France)

1400 - 1730	EASO Task Force Workshop
-------------	--------------------------

EASO Childhood Obesity Task Force (COTF) developed Workshop
Coming to the Table: Diverse Family-based Approaches for Addressing Childhood Obesity

Part I: Theoretical and Practical Underpinnings of Childhood Obesity Treatment Models
Chairs: R Weiss (Israel) & H Thibault (France)

1400 - 1420	Parents, the Gatekeepers: Introduction to Family Therapy in Obesity	P Nowicka (Sweden)
1420 - 1440	Putting Parents in Charge: Practical Tips for Care Providers	N Farpour-Lambert (Switzerland)
1440 - 1500	A Chronic Care Treatment Model in a Multidisciplinary Paediatric Clinic: How to Keep the Family Involved?	J-C Holm (Denmark)
1500 - 1520	Prader Wili Syndrome: The Family's Role in Multidisciplinary Care	M Tauber (France)
1520 - 1540	Methodological and Ethical Challenges in Evaluations of Family-based Approaches	J Baker (Denmark)

1540 - 1550 Coffee Break

Part II: Perspectives and Experiences from Across Europe
Chairs: J-C Holm (Denmark) & M Tauber (France)

1550 - 1610	The WHO Childhood Obesity Surveillance Initiative (COSI) in Greece: Results from the Family Questionnaire	M Hassapidou (Greece)
1610 - 1630	Establishing a Family-based Outpatient Treatment: An Irish Experience	G O'Malley (Ireland)
1630 - 1650	A Child is not a Small Adult: Development of Pediatric Obesity Interventions in Italy	A Pietrobelli (Italy)
1650 - 1710	Foundations of Family-based Treatments: Perspectives from France	H Thibault (France)
1710 - 1725	Roundtable Discussion	Panel
1725 - 1730	Concluding Remarks: The European Perspective	R Weiss (Israel)

1730 Coffee with culinary surprises

1530 - 1600	Exhibition	Coffee Break/Exhibition
-------------	------------	-------------------------

1600 - 1730	Industry Supported Satellite Session
-------------	--------------------------------------

ISA
Content and speakers TBC

1600 - 1730

Basic Science Session

Nutrition and Obesity

Chairs: TBC

1600 - 1620	Omega 3 and obesity	J Kopecky (Czech Republic)
1620 - 1640	Fatty acid and adiposity	R Nogueiras (Spain)
1640 - 1700	Diet, obesity and genes	W Saris (Netherlands)
1700 - 1720	Food characteristics in relation to appetite regulation	I Björck (Sweden)
1720 - 1730	Discussion	Panel

1730 - 1945

Plenary Session/Opening Ceremony

1730 - 1815	Auditorium	Opening Plenary Lecture Chair: J-M Oppert (France)	
		Future trends in clinical research and management	A Basdevant (France)
1815 - 1945	Auditorium	Opening Ceremony Chairs: J-M Oppert (France), M Laville (France)	
		EASO Young Investigator Awards	
		Young Investigator Award in Basic Science	TBC
		Young Investigator Award in Clinical Research	TBC
		Young Investigator Award in Public Health	TBC

1945 - 2130

Social Programme

1945 - 2130	Exhibition	ECO2012 Welcome Reception
-------------	------------	---------------------------

Time	Room	Thursday 10 May 2012
------	------	----------------------

0800 - 0930	Industry Supported Breakfast Session	
-------------	--------------------------------------	--

Content and Speakers TBC

0830 - 0915	Plenary Lecture	
-------------	-----------------	--

0830 - 0915 **Main Auditorium** T1:PL - Track 1 Plenary Lecture

Chairs: TBC

Economic evaluation of health policy in the primary prevention of obesity

M Suhrcke (Germany)

0930 - 1100	Review Sessions	
-------------	-----------------	--

T1:RS1 - Built and social environment as instruments for nudging behaviour

Chairs: TBC

0930 - 1000

T1:RS1.1 - Social Networks

R Pretlow (US)

1000 - 1030

T1:RS1.2 - Built Environment

D Ogilvie (UK)

1030 - 1045

T1:RS1.3 - Selected from abstracts

1045 - 1100

T1:RS1.4 - Selected from abstracts

T2:RS1 - Microcirculation and obesity

Chairs: TBC

0930 - 1000

T2:RS1.1 - Do retinal vessels predict cardiovascular risk in the obese?

C Stehouwer (Netherlands)

1000 - 1030

T2:RS1.2 - Microcirculatory dysfunction links obesity to hypertension and insulin resistance

1030 - 1045

T2:RS1.3 - Selected from abstracts

1045 - 1100

T2:RS1.4 - Selected from abstracts

T3:RS1 - Adipose tissue-driven insulin resistance

Chairs: TBC

0930 - 1000

T3:RS1.1 - Metabolic insights learned from patients with lipodystrophy

D Savage (UK)

1000 - 1030

T3:RS1.2 - Characterisation of the early steps of adipose tissue development and expansion during weight gain

H Vidal (France)

1030 - 1045

T3:RS1.3 - Selected from abstracts

1045 - 1100

T3:RS1.4 - Selected from abstracts

T5:RS2 - Psychological perspectives in obesity management

Chairs: TBC

0930 - 1000

T5:RS2.1 - Impact of obesity treatments on psychological functioning

R Dalle Grave (Italy)

1000 - 1030

T5:RS2.2 - Disordered Eating in Obesity: Cause or Consequence?

C Braet (Belgium)

1030 - 1045

T5:RS2.3 - Selected from abstracts

1045 - 1100

T5:RS2.4 - Selected from abstracts

1100 - 1130	Exhibition Hall	Coffee Break/Exhibition
-------------	-----------------	-------------------------

1130 - 1300	Association Session	
-------------	---------------------	--

EASD - BCA evaluation as a marker of risk in obese subjects

Chairs: TBC

1130 - 1200

Studies with twins

K Pietiläinen (Finland)

1200 - 1230

Data on bariatric surgery

B Laferrère (US)

1230 - 1300

Metabolomic approach in the EGIR cohort

E Ferannini (Italy)

1130 - 1300	Oral Sessions	
-------------	---------------	--

Three parallel Oral Sessions will be developed by the ECO2012 International Scientific Committee after the close of abstract submission.

1300 - 1500	Exhibition Hall	Lunch, Exhibition and Posters
-------------	-----------------	-------------------------------

Poster Sessions

Track distribution TBC

1315 - 1445 Industry Supported Satellite Sessions

Roquette: Prebiotics, microbiota and obesity
Content and speakers TBC

Nestlé: Role of Nutrition in Obesity Prevention and Treatment
Content and speakers TBC

1330 - 1430 Lunchtime Workshops

Lunchtime Workshops
Content and speakers TBC

1500 - 1545 Plenary Lecture

1500 - 1545 Main Auditorium T2:PL - Track 2 Plenary Lecture
Chairs: TBC

Epidemiologic evidence on the long term harms and benefits of bariatric surgery E Näslund (Sweden)

1600 - 1730 Association Session

IFSO-EC - Bariatric Surgery
Chairs: L Busetto (Italy), M Fried (Czech Republic)

1600 - 1615	Structure of care in bariatric surgery: requirements for safe and effective management	J Melissas (Greece)
1615 - 1630	Structure of care in bariatric surgery: procedures specific requirements	L Lemmens (Belgium)
1630 - 1645	Exploring extreme indications: age, low BMI, chronic diseases	M De Luca (Italy)
1645 - 1700	Novel restrictive procedures	K Dolezalova (Czech Republic)
1700 - 1715	Novel derivative procedures	J W Greve (Netherlands)
1715 - 1730	Discussion	Panel

1600 - 1730 Review Sessions

T2:RS2 - Maternal and paternal obesity, outcomes of pregnancy and risk of obesity in offspring
Chairs: TBC

1600 - 1630	T2:RS2.1 - Obesity in pregnancy. Outcomes in the mother and child	E Aagaard Nøhr (Denmark)
1630 - 1700	T2:RS2.2 - Early maternal and paternal influences on the risk of obesity in offspring	M-A Charles (France)
1700 - 1715	T2:RS2.3 - Selected from abstracts	
1715 - 1730	T2:RS2.4 - Selected from abstracts	

T3:RS2 - Functional imaging
Chairs: TBC

1600 - 1630	T3:RS2.1 - CNS Imaging and obesity	U Pagotto (Italy)
1630 - 1700	T3:RS2.2 - Imaging of peripheral metabolic organs	P Nuutila (Finland)
1700 - 1715	T3:RS2.3 - Selected from abstracts	
1715 - 1730	T3:RS2.4 - Selected from abstracts	

T4:RS1 - Mitochondrial biogenesis as a target for obesity
Chairs: TBC

1600 - 1630	T4:RS1.1 - Muscle and adipose tissue mitochondria in starvation and obesity	A Suomalainen (Finland)
1630 - 1700	T4:RS1.2 - Branched chain amino acid supplementation and mitochondrial biogenesis	E Nisoli (Italy)
1700 - 1715	T4:RS1.3 - Selected from abstracts	
1715 - 1730	T4:RS1.4 - Selected from abstracts	

1730 - 1900 Industry Supported Satellite Session

Weight Watchers
Content and speakers TBC

1730 - 2030 EASO Young Investigators United Session

1730 - 1740	Welcome and Introductions	YIU Board
1740 - 1755	YIU Best Thesis Award Presentation 1	TBC
1755 - 1810	YIU Best Thesis Award Presentation 2	TBC
1810 - 1840	The role of bariatric surgery in metabolic disease: underlying mechanisms, pros and cons	L Busetto (Italy)
1840 - 1910	Workshop by the Editor-in-Chief of <i>Obesity Facts</i> : Preparing and publishing a world class scientific paper	J Hebebrand (Germany)
1910 - 1915	Announcement of YIU Best Thesis Award winner	
1915 - 2030	YIU Social Event	

Time	Room	Friday 11 May 2012
------	------	--------------------

0800 - 0930	Industry Supported Breakfast Session	
-------------	--------------------------------------	--

Alimentation Santé
Content and Speakers TBC

0830 - 0915	Plenary Lecture	
-------------	-----------------	--

0830 - 0915 Main Auditorium T3:PL - Track 3 Plenary Lecture
Chairs: TBC

GLP1: from bench to patients JJ Holst (Denmark)

0930 - 1100	Association Session	
-------------	---------------------	--

ESH - Obesity and Hypertension
Chairs: TBC

Content and speakers TBC

0930 - 1100	Review Sessions	
-------------	-----------------	--

T1:RS2 - How can we learn about determinants of health behaviours and strategies in health promotion from qualitative research

Chairs: TBC

0930 - 1000 T1:RS2.1 - Using qualitative material to understand quantitative data J-P Poulain (France)
1000 - 1030 T1:RS2.2 - How to improve the design of population and family-based intervention studies on obesity T Robinson (US)

1030 - 1045 T1:RS2.3 - Selected from abstracts
1045 - 1100 T1:RS2.4 - Selected from abstracts

T3:RS3 - Liver driven metabolic complications

Chairs: TBC

0930 - 1000 T3:RS3.1 - Liver, bile salts and insulin sensitivity F Kuipers (Netherlands)
1000 - 1030 T3:RS3.2 - NAFLD and obesity L van Gaal (Belgium)

1030 - 1045 T3:RS3.3 - Selected from abstracts
1045 - 1100 T3:RS3.4 - Selected from abstracts

T5:RS1 - Preventing weight regain

Chairs: TBC

0930 - 1000 T5:RS1.1 - Weight regain in lifestyle modification A Golay (Switzerland)
1000 - 1030 T5:RS1.2 - Preventing weight regain: A pharmacological target M Rosenbaum (US)
1030 - 1100 T5:RS1.3 - Weight regain after bariatric surgery in adults and adolescents C Marcus (Sweden)

1100 - 1130	Coffee Break/Exhibition	
-------------	-------------------------	--

1130 - 1300	Special Session	
-------------	-----------------	--

EASO/WHO Regional Office for Europe: COSI Workshop
Chairs: TBC

Content and speakers TBC

1130 - 1300	Oral Sessions	
-------------	---------------	--

Three parallel Oral Sessions will be developed by the ECO2012 International Scientific Committee after the close of abstract submission.

1300 - 1500	Exhibition Hall	Lunch, Exhibition and Posters
-------------	-----------------	-------------------------------

Poster Sessions
Track distribution TBC

1315 - 1445	Industry Supported Satellite Sessions	
-------------	---------------------------------------	--

Danone
Content and speakers TBC

1330 - 1430 Lunchtime Workshop

Lunchtime Workshop: EASO Childhood Obesity Task Force

Chairs: P Nowicka (Sweden), R Weiss (Israel)

How to involve and motivate parents - the exclusive agents of change

M Golan (Israel)

N.B. Attendance limited to 100 delegates maximum. Entry on a first come, first served basis.

1500 - 1545 Plenary Lecture

1500 - 1545 Main Auditorium T4:PL - Plenary Lecture

Chairs: TBC

Uncovering the mechanisms of the homeostatic control of energy intake

JM Friedman (US)

1600 - 1730 Association Sessions

EAS - Atherosclerosis and Obesity

Chairs: TBC

1600 - 1630

Lipids profile and obesity

J Chapman (France)

1630 - 1700

HDL and obesity: new insights

A. von Eckardstein (Switzerland)

1700 - 1730

Lipid treatment in obesity: is there any specificity

Ph Moulin (France)

ESPEN - Sarcopenic Obesity

Chairs: TBC

1600 - 1630

Definition of sarcopenic obesity: too much fat or not enough muscle?

M Zamboni (Italy)

1630 - 1700

Lipotoxicity induces muscle anabolic resistance in elderly

S Walrand (France)

1700 - 1730

Functional consequences of sarcopenic obesity on mobility

M Visser (Netherlands)

1600 - 1730 Review Session

T3:RS4 - Sleep and circadian rhythm

Chairs: TBC

1600 - 1630

T3:RS4.1 - Sleep and metabolism: implications for obesity

K Spiegel (France)

1630 - 1700

T3:RS4.2 - Circadian rhythm and metabolism: implications for obesity

O Froy (Israel)

1700 - 1715

T3:RS4.3 - Selected from abstracts

1715 - 1730

T3:RS4.4 - Selected from abstracts

1600 - 1730 Special Session

EASO Nordic Regional Session

Chairs: TBC

Content and speakers TBC

1730 - 1900 Industry Supported Satellite Session

Novo Nordisk

Content and speakers TBC

Formula Diets: Supported by Cambridge Weight Plan, EuroDiets, LighterLife and PronoKal

Content and speakers TBC

2000 - 2300 Social Programme

2000 - 2330

Congress Gala Dinner

Location TBC

Time	Room	Saturday 12 May 2012	
------	------	----------------------	--

0830 - 0915	Plenary Lecture		
-------------	-----------------	--	--

0830 - 0915	Auditorium	General Plenary Lecture Chairs: TBC	
		Standing up for sedentary behaviour in obesity research	P Katzmarzyk (US)

0930 - 1100	Oral Sessions		
-------------	---------------	--	--

Four parallel Oral Sessions will be developed by the ECO2012 International Scientific Committee after the close of abstract submission.

1100 - 1130	Exhibition	Coffee Break/Exhibition	
-------------	------------	-------------------------	--

1130 - 1300	Association Session		
-------------	---------------------	--	--

IAGG European Region - Obesity in the elderly: an emerging clinical problem
Chairs: L Mathus-Vliegen (Netherlands), C Tsigos (Greece)

Adiposity, metabolism and dementia	D Gustafson (Sweden)
Benefit/risk ratio in losing weight in obese elderly subjects	P Ritz (France)
Nutritional assessment and rehabilitation in the obese elderly patient	ML Donini (Italy)

1130 - 1300	Review Sessions		
-------------	-----------------	--	--

T2:RS3 - Does excessive consumption of high fat food really matter?

Chairs: TBC

1130 - 1200	T2:RS3.1 - Epidemiologic studies of dietary intake	A Sánchez-Villegas (Spain)
1200 - 1230	T2:RS3.2 - Interventions with lipid supplements	B Hammer Bech (Denmark)
1230 - 1245	T2:RS3.3 - Selected from abstracts	
1245 - 1300	T2:RS3.4 - Selected from abstracts	

T4:RS2 - Obesomics and biomarkers

Chairs: TBC

1130 - 1200	T4:RS2.1 - Metabolomic foot-prints predict obesity-related complications?	M Oresic (Finland)
1200 - 1230	T4:RS2.2 - Is there a need for metagenomic assessment of human gut microbiome?	D Ehrlich (France)
1230 - 1245	T4:RS2.3 - Selected from abstracts	
1245 - 1300	T4:RS2.4 - Selected from abstracts	

T5:RS3 - New ways of testing novel treatment approaches

Chairs: TBC

1130 - 1200	T5:RS3.1 - Energy expenditure and appetite control; a new perspective	J Blundell (UK)
1200 - 1230	T5:RS3.2 - Responsivity of reward, gustatory, somatosensory, and inhibitory regions to food predicts future overeating: Novel intervention targets	E Stice (US)
1230 - 1245	T5:RS3.3 - Selected from abstracts	
1245 - 1300	T5:RS3.4 - Selected from abstracts	

1315 - 1430	Plenary Session		
-------------	-----------------	--	--

1315 - 1400	T5:PL - Track 5 Plenary Lecture Chairs: J Wilding (UK)	
	Pharmacologic Management of obesity: efficacy versus safety	Efficacy: A Astrup (Denmark) Safety: E Abadie (France)
1400 - 1430	Closing Ceremony and Abstract/Poster Award Ceremony Chairs: J-M Oppert (France), M Laville (France)
